

Medicaid Matters to Virginia's 7th Congressional District

Medicaid provides essential health care coverage to 196,287 in VA-07.

Medicaid is vital for children, seniors and hardworking families. Cutting funding for the program would result in loss of coverage for individuals and families, destabilize hospitals and other health care providers and lead to higher costs for VA-07 residents.

Medicaid Is a Vital Coverage Option

People across VA-07, including hardworking families, children, seniors, disabled adults and caregivers, rely on Medicaid for access to critical health services and care.
